SA-65

Wireless Carbon Monoxide Detector

The SA-65 is a battery-operated wireless carbon monoxide gas detector used with Rosslare's wireless control panels.
A LED indicator on the sensor unit shows the operating status and alarm mode. The SA-65 wireless carbon monoxide gas detector has a low profile and a professional and trendy appearance.

GENERAL DESCRIPTION

The sensor chamber is engineered to sense CO gas by a wide range of combustion sources. The chamber is well protected and proofed from insects and dust.
The CO gas sensor unit can easily be plugged in to or detached from the wireless base unit (AS-60) for cleaning and maintenance purposes.

MAIN FEATURES

- Aesthetically pleasing slim design
- Easy to notice LED indications

- Easy maintenance with smart cleaning base-separated sensor and automated self cleanliness checks every few seconds
- Compatible with all of Rosslare's wireless control panels
