

LT-UVH-26A-3100/3200

UHF Hard Tags

The highly-advanced UVH tags allow vehicle recognition from a distance. The tag is attached to the front of the car below the license plate. The reader scans the tag to determine if the user is certified to enter or leave the premises. The arrival or departure is saved in the system.

GENERAL DESCRIPTION

The UVH tag is a small tag that is attached to the front of the car functioning as an identifier. Using a reader, the vehicle is identified and the system responds accordingly.
