ROSSLARE

Milestone XProtect® plugin for seamless access control

The integration with **AxTraxPro™** enables the Milestone XProtect® to act as the front-end system and provides operators the convenience of managing access control events and alarms on the XProtect Smart Client, XProtect Web Client and Milestone Mobile. Events can be monitored, alarms can be operated, doors can be opened, and video can be viewed, all from one easy-to-use interface.

The AxTraxPro Milestone XProtect Access control Plugin provides a seamless integration with AxTraxPro access control platform using the Milestone XProtect user experience.

Employee Spotlight: Tyler Lyons

In mid-June, Tyler Lyons joined our U.S. team as Regional Sales Manager for the Central U.S. region. Tyler brings several years of progressive experience with Securitas Technologies. His diverse background in the security industry and his dedication to exceptional customer service will be valuable assets to our business.

Tyler is eager to explore new opportunities and collaborate with you. Feel free to reach out to him to discuss how he can support your needs.

## Thank You for Successful AxTraxPro™ Certification Events

We are pleased to continue our professional training sessions. Our recent AxTraxPro Certification events, developed by the Rosslare LATAM team in collaboration with our partner SYSCOM in Chihuahua, Mexico, were highly successful. A big thank you to all the participants! We recognize the significant benefits of these training sessions and remain committed to providing you with the professional tools and detailed insights needed to enhance your expertise. We look forward to seeing you at our upcoming training sessions.
